# References

Michael Lehn, Ph.D. · Senior Lecturer, Institute of Numerical Mathematics, Ulm University

## ACADEMIC REFERENCES

**Prof. Dr. Karsten Urban**

Professor and Head, Institute of Numerical Mathematics
Dean of Studies, Computational Science and Engineering
Faculty of Mathematics and Economics, Ulm University

*Relationship:* Ph.D. advisor and longtime colleague.

Ulm University, Institute of Numerical Mathematics, Helmholtzstraße 20, 89081 Ulm, Germany
Phone: +49 731 50-23535 · Email: karsten.urban@uni-ulm.de

**Prof. Carl E. Krill III, Ph.D.**

Professor and Deputy Director, Institute of Functional Nanosystems
Head, Nano- and Polycrystalline Materials Group
Faculty of Engineering, Computer Science and Psychology, Ulm University
Former Dean of Studies, Electrical Engineering and Communications and Computer Engineering

*Relationship:* Former Dean of Studies for engineering programs in which I teach; we have known each other professionally since 2008 through my undergraduate teaching for his faculty. In 2024, as Dean of Studies, he formally requested that I take over the required undergraduate programming module Application-Oriented Software Development, which I subsequently developed and taught as a new course.

Ulm University, Institute of Functional Nanosystems, Albert-Einstein-Allee 47, 89081 Ulm, Germany

**Prof. Dr.-Ing. Christian Damm**

Vice Dean and Dean of Studies, Engineering
Faculty of Engineering, Computer Science and Psychology, Ulm University
Professor and Deputy Director, Institute of Microwave Engineering

*Relationship:* Current Dean of Studies for Engineering; nominated me for Ulm University's Teaching Award in 2025 on behalf of the Engineering Study Commission, recognizing my development of a required undergraduate programming laboratory.
